

PRESS RELEASE

REAL LIFE EXPERIENCES

CollegeBound's Fall High School College Fairs

Fall 2009

One of the goals of the CollegeBound Foundation is to bring the college message to greater numbers of students by delivering more college resources to 23 Baltimore City schools which partner with CollegeBound.

The more "real life" college and career experiences urban high school youngsters are exposed to, the more likely they will be motivated to realize their dream of a college education and a rewarding career.

One real life experience that CollegeBound has infused into our neighborhood high school cultures is the College/Career Fair. Through statewide partnerships with college and university admission and financial aid officers, CollegeBound announces its Fall 2008 Career Focused College Fair schedule.

While there are only four fair sites, students from all CollegeBound-staffed schools will be bussed to each site.
